To,

Shri J. D. Desai, IAS.
Commissionerate of Schools, Education Department

Subject: Active participation of school students, innovators in Student Open Innovation Challenge <http://www.ssipgujarat.in/soic/> initiative of Education Department, Gujarat

Dear Shri Desai ji,

Gujarat Government has initiated series of initiatives to support Innovators and Start-ups with an aim to nurture end to end ecosystem in the state. Education Department is making persistent efforts towards achieving the above goal and developed student start-up and Innovation policy (SSIP) covering entire school and higher education in the state. Through this policy, various flagship programs have been launched involving best innovation and start-up pedagogies from across the world. The core belief behind these programs is around the fact that, given a platform, young minds across schools and universities are capable of applying their creative minds to become problem solver and innovators. Our previous initiatives like, Sumrner Innovation Challenge in last two years and others have showcased innovative ideas being conceived and developed by school students. Best teams from schools have been awarded by Honourable Chief Minister during launch of Smart Gujarat Hackathon. To take such mission ahead, Education department has launched "Student Open Innovation Challenge" which will create a unique environment across schools and colleges in the state. Through this program we are aiming to involve innovative teams in short to medium term and develop innovative solutions. You may refer more details about the program at <http://www.ssipgujarat.in/soic/>. Each short listed team will be given up to 2 lac INR prototyping support. In addition to this, the shortlisted teams will also be given IPR support, pre-incubation facility and incubation support at I- hub/Innovation hub at KCG.

You are required to share about this among your students and teachers across the schools in the state. Teams, who wish to leverage this program can register in the portal from 15th December 2018. Each team may comprise of up to 8 team members. Teams are advised to have a faculty mentor/teacher. Teams can apply online in school category while applying for the program.

For any query, you may reach out to Prof. Mihir Shah, Joint CEO, GKS, 9426404816 at or Mr. Hiranmay Mahanta, Advisor, SSIP at 9909959336.

Shri J. D. Desai
